The African Millennium Foundation funds Reencontro to help improve the lives of over 7,000 children orphaned by AIDS in Mozambique. Reencontro, meaning reunion, is a non-profit organization created by a group of women of good will supporting the many children who lost parents to the HIV/AIDS pandemic.

REENCONTRO

AMF will not allow this generation's plight to be ignored.

The unparalleled ramifications of the AIDS epidemic are increasing, requiring a stronger commitment from Reencontro.

The following figures put Mozambique as one of Africa's most AIDS affected countries:

- ❖ 12.2% of 15-49 year olds are estimated to be living with HIV/AIDS
- ❖ 75% of children under 15 living with HIV/AIDS require ARV treatment. By mid-2006, of an estimated 74,000 infected eligible children, only 2,300 were receiving treatment representing less than 3%
- ❖ Of the country's estimated 1.6 million orphans, more than 380,000 have lost parents due to HIV/AIDS. (more than 20% of total orphaned children).
- ❖ It is projected that by 2010 the country will be home to 926,000 AIDS orphans.

Reencontro provides access to basic services and social assistance through-community based home care for children orphaned by AIDS.

After identifying orphans, community support groups provide adequate assistance and care through the following initiatives:

- ❖ Education and Health Services
- ❖ Preventive Education
- ❖ Professional Skills & Income Generation Empowerment
- ❖ Food and Nutrition
- ❖ Legal Advocacy & Citizenship Registration of Children

For orphans often left without anything but the clothes on their back, Reencontro offers a beacon of hope through the darkness of unspeakable tragedy.

Join our commitment to raising \$6,500 to build nurturing, safe shelters where these children can grow and build a secure life.
